

## INTRODUCTION

Hi.

My name is Dick Moes. I am the pastor of the Surrey Covenant Reformed Church in Surrey, British Columbia. Three years ago, I enrolled in the Doctor of Ministry Program at ACTS Seminaries in Langley, British Columbia. The program focused on Spiritual Formation and Leadership. This past June, I finished my ninth and last course. Thus, all my course work is now completed. What remains is completing a dissertation project. It is for this project that I ask your assistance.

The dissertation will be called *Cultivating a God-Generated Life: Living with Christ in God through the Holy Spirit*. Sometime during the past five-year period, a transition took place in my life. I began to understand and experience in a way I had never understood and experienced before what Jesus meant when He said, “I am the vine; you are the branches. If a man remains in me and I in him, he will bear much fruit; apart from me you can do nothing” (John 15:5). In addition, texts like, “I have been crucified with Christ and I no longer live, but Christ lives in me. The life I live in the body, I live by faith in the Son of God, who loved me and gave himself for me” (Galatians 2:20), “For you have died, and your life is now hidden with Christ in God” (Colossians 3:3), “To them God has chosen to make known among the Gentiles the glorious riches of this mystery, which is Christ in you, the hope of glory” (Colossians 1:27) and “But he who unites himself with the Lord is one with him in spirit” (1 Corinthians 6:17) took on new meaning for me. Moreover, I noticed that the more I intentionally lived with Christ in God through the Holy Spirit by being receptive to God’s love in Christ, the more He was working out his life in and through me. The fruit of the Spirit began to manifest themselves in my life as never before. My relationship with my wife and children became more Christlike. I focused less on doing and more on being that leads to doing, experiencing a tremendous rest in my soul. I drew the conclusion that I was now living with Christ in God in a way that I had never known or experienced before.

Reading through some of the books that have appeared recently, I noticed that I was not alone in my experience. People like Dallas Willard and Larry Crabb has written about a similar experience.

What is your experience? In order to find out, I invite you to fill out the questionnaire. I have tried to address not just one aspect of a person, but the whole person. Thus, the first question is an affective one focusing on your feelings. The second is a cognitive one focusing on your thinking. The third is a volitional one focusing on your will. The fourth is a behavioral question focusing on your conduct. The questions are in groups of four. This means that each set of four questions is investigating how you feel, think, desire and act with regard to each of the 10 topics to be introduced and discussed in the 10-week learning experience you are about to embark on. You have four options. (1) Y = yes (2) N = no (3) S = sometimes or somewhat (4) U = unsure.

Thanks for your participation.
